Hi All.

I'm reaching out to gauge interest in hosting some sort of local event to announce the Passaic River selection as one of the Urban Waters Federal Partnership Projects. Our public affairs group seems inclined to just do a press release, so I wanted to see if you all were OK with that or if you were interested in hosting/participating in something more to make the announcement?

Either way I'd like to set up a conference call for us to discuss next steps, especially including the initial kick-off meeting, as the national announcement is scheduled to be made on March 8th. Therefore, please send me any conflicts you have for the 1st 2 weeks of March, and I'll try to find a time to set up a call. I'm thinking we probably need an hour and a half.

Thanks and I look forward to hearing from you,

Elizabeth
